PREPARATION

- 👉 In a mixing bowl, combine the Ideal Protein Golden Pancake Mix and the egg.

- 👉 Heat a non-stick skillet over medium heat. You may lightly grease it with cooking spray or a small amount of oil if necessary.

- 👉 Carefully flip the fritters with a spatula and cook the other side until it's golden brown and the fritters are cooked through.

POACHED EGGS

INGREDIENTS

ITEM	QUANTITY
Large Egg	1
Vinegar, Optional	1 Tbsp.

PREPARATION

- ✔ Fill a large saucepan or deep skillet with water, about 2-3 inches deep. Place it over medium heat and bring the water to a gentle simmer. If desired, you can add a splash of vinegar to the water, which can help the egg whites coagulate faster.
- ✔ While the water is heating, crack each egg into a small bowl or ramekin. This will make it easier to slide the egg into the simmering water.
- ✔ Once the water is simmering, use a spoon to create a gentle whirlpool in the center of the pan. The swirling motion will help the egg whites wrap around the yolk.
- ✔ Carefully slide each egg into the center of the swirling water, one at a time. You can use the back of the spoon to help guide the eggs gently into the water.
- ✔ Allow the egg to poach for about 3-4 minutes for the medium-soft egg. The cooking time may vary depending on the size of the egg and your desired level of doneness.
- ✔ While the egg is cooking, you can prepare any desired accompaniments, such as toasted bread or a side of greens.
- ✔ Once the egg is done, use a slotted spoon to carefully lift them out of the water, allowing any excess water to drain off. Place the poached egg on a plate lined with a paper towel to absorb any additional moisture.

PAN-SEARED SCALLOPS WITH LEMON CAPER SAUCE

INGREDIENTS

- 1/3 cup kosher salt (plus more for seasoning)
- 1 cup hot water
- 4 cups ice water
- 1 pound 1 1/2 inch wide large scallops (about 14 to 16)
- 3 tablespoons olive oil
- 1 tablespoon minced garlic
- 1 cup unsalted chicken broth
- 1 teaspoon lemon zest
- 2 tablespoons lemon juice
- 2 tablespoons rinsed capers
- 1 tablespoon dijon mustard
- Black pepper to taste
- 1 tablespoon chopped dill
- 1 teaspoon chopped chives
- 6 lemon wedges

PREPARATION

1. Prepare brine by combining the salt and hot water in a medium-sized bowl. Stir to dissolve.
2. Add ice water to bring down the temperature of the brine, and add scallops once cooled. Let stand for 10 minutes. Meanwhile, line a sheet pan with paper towels and set it to the side.
3. Drain the scallops from the brine and rinse under cold water. Place scallops in a single layer on the paper towel-lined sheet pan, placing another paper towel layer on top. Gently pat the scallops dry to make sure to remove as much moisture as possible from the surface.

5. Lightly salt the scallops on both sides.
6. Heat olive oil over medium-high heat in 12-inch stainless steel saute pan or cast-iron skillet.

8. Sear the scallops for about 3 to 3 1/2 minutes or until the bottoms are golden brown. Make sure not to move them around in the pan (you can lift up an edge to check for doneness).
9. The scallops are done when they are firm to the touch and opaque in color, usually after about 1 to 2 minutes.
10. Turn off the heat and transfer all scallops to a plate, keeping the pan and juices on the stove.
11. Turn the heat back to medium and add the garlic to the same pan. Cook for approximately 1 minute until the garlic is fragrant but not browned.
12. Turn the heat up to medium-high, add some water and stir occasionally for about 3 minutes until the liquid is reduced by half.
13. Turn the heat up to high and add the lemon juice and zest, chicken stock, and capers. Cook while stirring occasionally, for 8 to 10 minutes or until sauce is reduced by half. There should be about 1/2 cup of sauce left.
14. Turn off heat and whisk in the dijon mustard until fully incorporated. Season with salt and pepper if desired, then turn the burner on again to medium heat.
15. Add the scallops to the sauce and cook until warmed, about 2 minutes.
16. Spoon some of the sauce onto a plate, add the scallops, and serve immediately.
17. Garnish with chopped dill and chives with lemon wedges on the side. Enjoy!

LOW-CARB CABBAGE ROLLS

INGREDIENTS

- 1 Cabbage head
- 1 lb. Ground beef
- 1 14.5-oz can Diced tomatoes - drained
- 1 large Egg
- 4 cloves Garlic - minced
- 2 tsp. Italian seasoning
- 1 tsp. Sea salt
- 1/4 tsp. Black pepper
- 1 cup Cauliflower rice
- 1 15-oz can Tomato sauce

PREPARATION

1. Preheat the oven to 350°F (177°C).
2. Bring a large pot of water to a boil and add the head of cabbage into the boiling water, immersing fully.
3. Boil for 5-8 minutes, just until the leaves are soft enough to bend. They will turn bright green and the outer leaves might come off, which is okay and you can fish them out.
4. Remove the cabbage from the boiling water and set aside to cool.
5. Leave the hot water in the pot for now as you might need it again when peeling the cabbage leaves.
6. Meanwhile, stir fry the cauliflower rice for a few minutes.
7. Take a large bowl and combine the ground beef, diced tomatoes, egg, minced garlic, Italian seasoning, sea salt, and black pepper. Mix until just combined, but don't over-mix. Fold in the cooked cauliflower rice. Set aside.
8. Spread half the tomato sauce in a large rectangular or oval ceramic baking dish. Set aside.
9. Carefully peel the leaves from the cabbage. To do so, flip cabbage over so the core side is up, and cut the leaves one-by-one from the core, then carefully peel (they are fragile). Instead of peeling leaves back, slide your fingers between the layers of cabbage to release them. The leaves on the outside will be very soft and easier to peel, but inside they may be firmer. If they are too firm and crisp to bend, you can return the partially peeled cabbage to boiling water for a couple more minutes to soften more.
10. Cut the thick rib from the center of each cabbage leaf, cutting in a "V" shape.
11. Place 1/3 cup (67 grams) beef mixture into a log shape at one end of a cabbage leaf.
12. Fold in the sides, then roll up, like a burrito.
13. Place the cabbage roll, seam side down, into the baking dish over the sauce.
14. Repeat to make 12 cabbage rolls. If the inner leaves are too small, you may need to use two to overlap them to fit the filling.
15. Spoon the remaining tomato sauce over the cabbage rolls and cover the baking dish tightly with foil.
16. Bake for 1 hour, or until the beef is cooked through.
17. Serve warm and enjoy!

- 1 egg white
- Mini-muffin baking tin
- Non-stick spray

3. Add the contents of one Ideal Protein Vanilla pudding and mix well until smooth. No lumps.
4. The consistency should be thicker than your normal pudding.
5. Cover and refrigerate.

Preparing the crust

1. Preheat the oven at 350° F

5. Place one dough ball in each baking cup.
6. Press dough down as thinly as possible across the bottom and the sides forming a little 'cup' (the dough will "poof" a little during baking).

8. For crispy tart shells, remove them from the muffin tin and place them upside down on top of the tin and bake for a few more minutes until golden brown.
9. If the cup cake shells are too thick, don't bother as they will be too hard.
10. Cool on a wire rack.
11. Take key lime filling out of the refrigerator and stir in the last packet of True Lime flavoring to give you an extra tangy flavor.
12. Enjoy through Ideal Protein phase 1 to 3.
